— ABOUT US

Caritas Czech Republic has been operating in Georgia since 2008, with a fully established country office in place since 2015. Over more than a decade, we have built a strong presence across all regions of the country, implementing over 80 development and humanitarian projects in close collaboration with government institutions, international donors, and local partners.

Our work is anchored in a commitment to long-term, sustainable solutions – strengthening public systems, improving access to quality services, and ensuring that the most vulnerable are not left behind.

Our Mission is to support Georgia's development by strengthening public systems, empowering communities, and promoting inclusive and sustainable growth.

— OUR APPROACH

01

System-Focused

Supporting national reforms and policies

02

Evidence-Based

Grounded in research and data

03

Capacity-Building

Strengthening institutions and professionals

04

Inclusive

Prioritizing vulnerable and marginalized groups

05

Partnership-Driven

Collaborating with government, donors, and civil society

— MAIN AREAS OF WORK

Healthcare

Quality, accessibility, and digitalization of primary healthcare and specialized health services, including mental health integration and cancer care.

	Social Care & Inclusion	Disability inclusion, child protection, deinstitutionalization, and community-based social service development.
	Rural Development	Strengthening local economies, supporting farmers and entrepreneurs, and promoting sustainable livelihoods.
	Environmental Protection	Supporting rural Georgia by introducing waste management, climate resilience, disaster risk reduction, green infrastructure.

— KEY RESULTS (2015–2026)

1,700+ Doctors trained in mental health integration	900+ Healthcare providers supported in quality improvement
300,000+ People reached through health awareness campaigns	200,000+ People engaged in food safety initiatives
720+ Vulnerable youth supported with skills development	530+ Healthcare facilities improved in WASH standards
500+ Jobs created in rural communities	250+ Professionals trained in disaster risk reduction

— SELECTED IMPACT

◆ Mental health integrated into primary healthcare nationwide	◆ National electronic health systems introduced
